DETAILED ACTION

Response to Amendment

1. The amendment filed on 6 February 2007 has been accepted and entered.

Response to Arguments

2. Applicant has amended the claims without entering arguments, see amendment filed 6 February 2007, with respect to the rejection of claims 9-15. In light of these amendments, the rejection of these claims has been withdrawn. Claims 9, 13 and 16 have been cancelled.

Allowable Subject Matter

3. Claims 10-12, 14, 15, and 17 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claim 15 has been amended to include the allowable subject matter of original claim 16 as set forth by the examiner in the communication mailed on 6 September 2006 and is therefore allowable.

With respect to claim 17, the flue gas monitoring system of Grant *et al.* (WO 03/060480) cools gas for sampling with a laser (pg. 12, lines 19-25), but fails to cool the gas to a range that can be considered "room temperature".

Claims 10-12 and 14 are allowable for reasons of dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
